# SHREDZILLA®

## ADVANTAGES OVER SOLID CARBIDE CUTTERS

- Same life at a nearly **30% lower cost**.
- Increased cutter efficiency from positive geometry with no drag or interference.
- Lower maintenance expense from the brazed structure and the elimination of equipment damage in the event of a failure.

## ADVANTAGES OVER SOLID STEEL KNIVES

- Lasts up to **10 times longer** (based on customer experience in carpet applications).
- Up to **80% less downtime** due to less frequent blade changes required.

## ADVANTAGES OVER CARBIDE INSERT KNIVES

- Improved cutter efficiency and reduced wear for increased material throughput because of the continuous carbide surface.
- 4 cutting edges for maximum life.

## SHREDZILLA® CARBIDE-CAPPED SHREDDER BLADE

PART NO.	DESCRIPTION	THREAD	APPLICATIONS
